<b>Trustee positions</b>	<b>Date</b>
Editor, Views of Health Promotion Online (VHPO). Online discussion forum for International Union for Health Promotion and Education ( <a href="http://www.vhpo.net">www.vhpo.net</a> ).	2010 - 2011
Global Secretary of <i>IUHPE Student and Early Career Network (ISECN)</i> . ISECN is a network within International Union for Health Promotion and Education (IUHPE), mobilizing and empowering early career members across all continents. The work involved the establishment and development of this network from the start until it is now a large and vital part of the IUHPE.	2006 – 2011
Leader of 'ISECN Working Group on Ethics in Health Promotion'. This work involves development of a draft for a global Code of Ethics for health promotion, in cooperation with the International Union for Health Promotion and Education. The work has entailed literature studies, conference presentations and workshops, a mixed methods survey and the ongoing drafting of a Code of Ethics.	2008 - ongoing
Leader and initiator of the Norwegian Network for Health Promoters (Nettverk for Helsefremmere). This work has involved establishment of a member base and listserv of students and practitioners of health promotion in Norway, with membership events in Bergen at irregular intervals. The listserv of about 150 members is still active.	2006 – ongoing

<p>On seminar committee for research group Multicultural Venues in Health and Education, University of Bergen. Arrangement of monthly research presentations and annual seminars of one to two days.</p>	<p>2010 -</p>
<p><b>International projects/visits</b></p>	<p><b>Date</b></p>
<p>One week visit to New Delhi, India, to arrange a workshop on 'Protecting the health of the poor: social movements in the South'. This was an event for Comparative Research on Poverty (CROP). The workshop gathered high-profile researchers and practitioners from four continents for three days of presentations and discussions. My responsibilities involved selection of participants based on submitted abstracts, organization of academic part of workshop, and practical/scientific leadership of the workshop in site.</p>	<p>Oct 2011</p>
<p>5 day visit to Georgia, Caucasus, to plan the establishment of Master's Programmes in Health Promotion in the Caucasus region. I was part of a delegation of 3 persons from the Research Centre for Health Promotion (UoB). The visit was an initiative from the Georgian Centre for Health Promotion and was funded by the Norwegian Centre for Internationalization of Higher Education (SIU). During the visit we had meetings with top level politicians and university leaders from Georgia, and also met delegations from Azerbaijan and Armenia with the intention of initiating similar educational programmes in these countries. The visit culminated with the production of a series of lectures for a new Master's programme of health promotion at the Tbilisi State Medical University in Georgia, see CV section on teaching activities.</p>	<p>Nov 2009</p>
<p>Planning and performing of research field visit to Ghana of ten days duration, visiting poor rural areas of Northern Region to collect qualitative data. This visit was done in collaboration with the local NGO Northern Empowerment Association (NEA), and was part of the project Social Determinants of Health in Very Poor Ruralities (SDHVPR). SDHVPR is a joint project between the Department of Health (UK), International Union for Health Promotion and Education (IUHPE) and the University of Bergen (UoB).</p>	<p>April 2009</p>
